Re: Grievance Appeal # 13-087.3

I have received and reviewed your level I, level II and grievance appeal information. Your original remedy requested that the medical unit commence treatment for your claimed medical concerns.

Our medical unit is waiting for some records for which you signed a consent to release. You have been seen by medical unit staff and the records we do have are reviewed by our physician. You will continue to be seen by medical unit staff. We rely on the medical judgement of our physician. If he determines that you need treatment by a specialist, you will be referred to a specialist. Please continue to request medical attention as appropriate.

This appeal is denied as it is clear that our medical unit is aware of and has responded to your concerns so far.

Sheriff Terry L Thompson

Re: Grievance Appeal # 13-090.3

I have received and reviewed your level I, level II and grievance appeal information. Your complaint was that the mail room opened a piece of legal mail. Your original remedy requested that the mail room not do that again and that the jail should put postage on your outgoing mail.

The mail clerk visited with you. Nobody is disputing that the envelope was opened, therefore, there is no need to inspect the envelope as you keep insisting. The mail clerk explained that it appeared as though you were re-using an envelope. She explained that the jail will not put postage on outgoing mail. You can request envelopes if you are indigent. The mail clerk reported that you appeared to be satisfied with her responses when she spoke with you, but you continue to forward grievances concerning this issue.

There seems to be no resolution that would satisfy your complaint. It is not our practice to open privileged mail outside of the inmate's presence. If it did happen in this case, the mail clerk responded to your concern appropriately by visiting with you.

The appeal is denied as the prior responses to you grievance were appropriate and no further remedy is available.

Sincerely,

 Sheriff Terry L Thompson

Grievance 13-087.2

Appendix 10. H3

I have reviewed your level I grievance dated 1-22-13 and level II dated 2-27-13. This grievance is in reference to medical failing to provide you treatment.

I have met with medical staff concerning this issue. You have been informed on two separate occasions concerning release of information. On 2-11-13 you were informed by staff they would need to get consent forms signed from individual doctors you have seen. You told staff you would not do this and if they were unable to get the information from the San Diego Department of Corrections you would contact your lawyer to get you moved. You signed a consent form on 2-13-13 to get records sent from San Diego however you informed staff again you would not sign any further consent forms. You decided to sign a release from another Doctor on 2-27-13. In your level II grievance you state staff made a mistake because you did sign the consent form. It was found that you did sign the consent form to have your records released from San Diego; However medical needs consent forms signed by all doctors offices in which you have been seen for these medical issues. Again you did sign another consent form from another doctors office as stated above. It looks as if you have decided to cooperate. In addition, you have had regular visits to medical during this time.

This appeal is unfounded.

IF YOU HAVE NOT RESOLVED THE GRIEVANCE AT THE INFORMAL LEVEL AND WISH TO APPEAL TO LEVEL TWO (FORMAL), THE INMATE MUST COMPLETE SECTION 2 AND FORWARD TO THE HOUSING LIEUTENANT WHO SHALL FORWARD IT WITH ALL LEVEL ONE GRIEVANCE INFORMATION TO THE JAIL COMMANDERS OFFICE.

SECTION 2 - FORMAL GRIEVANCE ACTION

To be completed by the inmate:

Why is the Informal Response unacceptable? (Be specific)

① Cpl. Sekulich has either obtained "Erroneous information" or has made a mistake stating ("Medical requested that you submit a release for medical" (on February 13, 2013 which you refused to do"). This is an outright lie, I sat with the Bii Guy nurse and the lady trainee as he fill out the Form to obtain my medical from San Diego City Jail he got the Email and address + Form that I signed off the computer.

Therefore I hereby appeal for Formal action to be taken as this response is fully untrue and unacceptable. Furthermore it clear that I am suffering from the illnesses as the Blood work taken on Feb 13th PM evidences the stated condition!

I have met with staff concerning this issue. Marci who works in the mail room personally went to your housing unit and inspected your letter on 3-5-13. You were told this letter was not opened in our mail room. You told Marci this envelope was originally sent to you by your attorney. Marci informed you that it appeared the envelope may have been used before, re-sealed and sent to our mail room. If you used this envelope more than twice it could have opened up on its own for lack of enough glue. The letter was sent back to you for lack of postage. We do not open legal mail or put stamps on envelopes. You are to purchase stamps through commissary.

I have received the grievance you submitted regarding medical. Your complaint is that medical has failed to treat your medical issues. I spoke with medical regarding your concerns. Medical requested that you submit a release for medical records (on February 13, 2013), which you have refused to do. Without your medical records, medical can not verify any diagnosis or treatment for your medical issue. You need to sign the release form.

The doctor has prescribed Ibuprofen for your pain. Medical has also scheduled you for another LFT in three months time.

It appears the your medical issues have been addressed and treated appropriately.

INMATES NAME: Richie Harvey ID#: 248050 HOUSING: D-208

I have received the grievance you submitted regarding Programs staff. Your complaint is that the Programs deputies did not get you legal copies in a timely manner causing you to incur some type of court fee.

This is not accurate. The only case that you have been sentenced on is the theft of services charge out of Ogden Justice Court (case #111803088). You were sentenced on that charge on March 5, 2013. The first record of your requesting legal copies is from March 6, 2013 at 5:05 pm. The legal copies were not requested before your sentence, so I am confused as to how this would have affected the outcome of the only case that you would be appealing (case #111803088 – you entered a guilty plea) as it is the only case that you have been sentenced on.

Furthermore, the five day interval between requesting the copies and the date on your grievance is not an unreasonable amount of time. The Programs deputies have many duties and tasks to perform daily. They get to requests for legal copies as quickly as they can. If you anticipate the need for copies, please request the items as soon as you may think that you may need them. You will need to plan ahead and be patient.

The second complaint you list in your grievance is in regards to the law library. The WCCF has law books available to inmates that are Pro se. You have an attorney Stephen Laker, assigned to your case on February 20, 2013. Please feel free to contact your attorney for legal counsel and assistance.

Also, please keep your grievances limited to one complaint per form. This makes it more efficient in responding to your complaints, as one part of the complaint may have some merit while others may not.

I have received a GF-1 that you submitted dated February 21, 2013. The GF-1 does not have a clear complaint. It seems that you have some type of complaint about medical, but I have been unable to decipher what it is. There is also mention of a classification issue. Please refer to the following:

JD 05/02.03 Procedure: General Grievance Process Requirements

C. Accessibility/Applicability

4. In general, all inmates' complaints are subject to the grievance system except complaints against disciplinary and classification decisions and decisions and procedures of the Board of Pardons for State inmates.

a. Inmates with complaints regarding disciplinary decisions shall be referred to the Housing Lieutenant for information to appeal the process, according to WCCF policy JD 06, Inmate Discipline.

b. Inmates with complaints regarding classification decisions shall be referred to the Housing Lieutenant for information to challenge the process, according to WCCF policy JD 02, Classification.

If you would like your complaints addressed please resubmit your grievance, ensuring that you are clear in what specifically you are complaining about. Please make sure that you include all the information requested on GF-I form, the first section asks for the following: Who, What, When, Where, Why and How.

The next section asks the following: Who you have contacted about your problem and what you have done to try remedy the situation.

The last section asks for the remedy you seek. In other words, what would you like to happen in order for your issue to be resolved.

Resubmit your complaint, following the guidelines above. I will investigate the complaint and address your concerns.

INMATES NAME: Richie Harvey ID#: 248050 HOUSING: D-124

I have received the grievance you submitted regarding Cpl. Sekulich. Your complaint is that you do not want me to hear any grievance that you may have in the future. This is my current assignment at the WCCF. Grieving the fact that I am the Corporal assigned to the Inmate Grievance Office, is not proper procedure.

If you are not satisfied with an answer that I have given to any level I grievance that you have submitted, the proper procedure is to move onto a level 2. Be advised, however; that you have a 3 day time limit when filing a level 2 grievance.

I will continue to review and investigate level I grievances from you, as this is my main function.

Grievance: Unfounded
